

Thieves®

Essential Oil Blend

Thieves essential oil blend was inspired by the legend of four 15th-century French thieves who formulated a special aromatic combination composed of clove, rosemary, and other botanicals they used while robbing the dead and dying.

Young Living's one-of-a-kind Thieves blend, crafted in the spirit of that legendary combination, is a carefully balanced blend of Clove, Lemon, Cinnamon, Eucalyptus, and Rosemary essential oils. This powerful formula may help support healthy immune function and contribute to overall wellness when taken as a dietary supplement.*

Thieves essential oil blend can also be found in all of our Thieves home and body products for naturally derived alternatives you can safely use every day. The home and personal care products in our Thieves line are the versatile solutions you need to clean your home effectively, made with ingredients you can feel great about.
